Formula allocations to Idaho are estimated by "Federal Funds Information to States"

 FFIS is a joint subscription service of the <u>National Governors Association</u> and the <u>National</u> <u>Conference of State Legislatures</u>.

The primary mission of FFIS is to track and report on the fiscal impact of federal budget and policy decisions on state budgets and programs. This information is maintained in a database of more than 200 federal grant-in-aid programs and is disseminated to subscribers through a regular series of reports and briefs.
